#### Description

Location: Map  
Platform: PS4/XB1

#### Problem:

The 'activate navigation' option is missing when selecting survey positions in Map mode

#### Steps to reproduce:

- 1.- Choose career mode
- 2.- Complete contracts until survey contracts become available
- 3.- Launch an aircraft
- 4.- Go to the map
- 5.- Select the survey locations with X/A
- 6.- Observe the empty window

#### Expected result:

The 'activate navigation' option should be present in the position's window

(Just trying to confirm something): When you open this blank windows does your FPS drops immensely as well? Because over here on the Xbox, if I try opening it my frames will go down to something like 5 I'd say.
