Kerbal Space Program - Bug #1204

It's possible to delete stock ships from the Launch Pad and Runway

Target version:				
Version:	0.21.1		**Language:**	English (US)
Platform:	Linux, OSX, Windows		**Mod Related:**	No
Expansion:				

Description

I noticed you can delete preinstalled stock ships from the Launch Pad or the Runway interface, action that is correctly prohibited on the VAB or the SPH.

To reproduce:

1. start KSP and load/create a savefile
2. open Launch Pad or Runway
3. select one of stock ships
4. delete it and verify that the .craft is gone from the Ships directory.

History
