

## Kerbal Space Program - Feedback #13750

### Make a VesselEditor\_Only tag for KSP

02/05/2017 06:15 PM - Enceos

<b>Status:</b>	New		
<b>Severity:</b>	High		
<b>Assignee:</b>			
<b>Category:</b>	Application		
<b>Target version:</b>			
<b>Version:</b>	1.2.2	<b>Language:</b>	English (US)
<b>Platform:</b>	Windows	<b>Mod Related:</b>	No
<b>Expansion:</b>			

#### Description

There are Icon\_Only and Icon\_Hidden tags which hide objects from the Vessel Editor or the catalog icon. It is a very requested feature among modellers to have an object tag which would hide tagged objects in Flight and in the Part Catalog. PartTools already has the relevant code, we just need a new combination of "show here" and "don't show there".

This tag will be beneficial for parts which have guidance lines or gizmos.

#### History

##### #1 - 05/11/2017 03:18 PM - Enceos

- File VesselEditor\_Only.jpg added

- Subject changed from Make the EditorOnly tag work in KSP to Make a VesselEditor\_Only tag for KSP

- Description updated

Better description.
