

Kerbal Space Program - Support #14567

Windows 10 taskbar visible in fullscreen mode

03/27/2017 04:09 PM - robert_schuh

Status:	New	Start date:	03/27/2017
Severity:	Low	Due date:	
Assignee:		% Done:	0%
Category:	Controls and UI	Estimated time:	0.00 hour
Target version:		Mod Related:	No
Version:	1.2.2		
Platform:	Windows		

Description

When switching from KSP to another window (alt-tab) and back, the windows taskbar is still visible in KSP, blocking access to some buttons on the bottom of the screen.

My screen resolution is 1080p and I have UI at 120%.

Hi robert_schuh, can you try this please.

https://answers.microsoft.com/en-us/windows/forum/windows_10-desktop/how-to-keep-windows-10-taskbar-on-top-all-windows/001c9927-83a0-42eb-a9f8-6b8e6a94a13f

Obviously try unchecking it instead.

If the issue persists please post here <http://forum.kerbalspaceprogram.com/index.php?/forum/69-technical-support-pc-unmodded-installs/>

Thank you.
