Description

Hi,

i am using Crunchbang Linux (Linux 3.2.0-4-amd64 #1 SMP Debian 3.2.57-3+deb7u1 x86_64 GNU/Linux) and Steam. Since i am step over from Windows to Linux i am not able to connect any parts to each other ... there are no green bubbles on the parts. When i dragging one part over another : nothing happend - always shown as red transparent part...

This is a long standing issue with locales. Please try launching KSP with your locales set to C. From your bug description that should help.

#2 - 06/10/2014 06:55 PM - Ted

- Status changed from New to Duplicate

- % Done changed from 0 to 100

Assuming that the above fix is correct, marking this as a duplicate of the locales issue.
