Description

The Crew tab of the Mission Summary dialog shows a thumbnail image of each crew member recovered. However the thumbnails show the default suits rather than any custom suits the crew members may have been wearing.

In the first screenshot Mae is wearing a custom Base suit and Valentina is wearing a custom Future suit; however in the second screenshot the dialog shows Mae in a White Base suit and Valentina in an Orange Base suit.

The custom thumbnails are displayed correctly in the Astronaut Complex, as seen in the third screenshot.
