

Kerbal Space Program - Bug #28625

Engine not working

04/06/2022 08:45 PM - isaacspencer360@gmail.com

Status:	New	Start date:	04/06/2022
Severity:	Low	% Done:	0%
Assignee:			
Category:	Controls and UI		
Target version:			
Version:	1.12.3	Language:	English (US)
Platform:	Windows	Mod Related:	No
Expansion:	Core Game		

Description

Occasionally, when activating an engine, the engine will not use up fuel, produce any thrust, have an animation or produce any noise

History

Below I have replicated your craft in a youtube video.

<https://www.youtube.com/watch?v=L2LVpi7I6Rc>

Note the use of the throttle in my video (left side of the navball). In your video you did activate the engine but you didn't use the throttle.

Liquid Fuel Engines need the throttle to be above zero to work
SRB Engines are activated independent of the throttle

Hope that helps.

Hi,
Thank you for the reply.
Turning up the throttle worked

#3 - 04/14/2022 12:21 AM - Anth12

You are welcome
