Category:	Gameplay		
Target version:			
Version:	Kerbal Space Program - 1.12.3	Language:	English (US)
Platform:	Windows	Mod Related:	No
Expansion:	Breaking Ground, Core Game, Making History		

Description

When you are connected to asteroid and have made maneuver node, now if you target center of mass you get different location for blue cross hair than it was. If you target center of mass again it correct itsel. If you target it again its again messes and so on....
