#### Description

After the last update, the big drill has a same rate as a small drill. Just /10 times less.

Maximum rate - 1.5 per sec.

with 9% ore on surface - 0.13 per sec expected

But with 4 drill i havent  $0.13 \cdot 4 = 0.52$ . Only 0.04.

Its like you have 1000\$ salary by contract but get only 100\$
