Kerbal Space Program - Bug #3995

Assembly loader doesn't check KSPAssemblyDependency properly

01/29/2015 01:03 PM - nightingale

Status:	Closed		**Start date:**	01/29/2015
Severity:	Normal		**% Done:**	100%
Assignee:				
Category:	Plugins/Add-Ons			
Target version:				
Version:	0.90		**Language:**	English (US)
Platform:	Any		**Mod Related:**	No
Expansion:				

Description

It appears that the assembly loader is checking that **both** the major and minor version numbers must be greater than or equal for a dependency to be met:

- KSPAssemblyDependency['x', 0, 9] with KSPAssembly['x', 0, 9] - passes.
- KSPAssemblyDependency['x', 0, 9] with KSPAssembly['x', 0, 10] - passes.
- KSPAssemblyDependency['x', 0, 9] with KSPAssembly['x', 1, 0] - **fails**.
- KSPAssemblyDependency['x', 0, 9] with KSPAssembly['x', 1, 9] - passes.
