

Kerbal Space Program - Bug #5912

Body Lift is not working

11/10/2015 06:22 PM - luizopiloto

Status:	Closed	Start date:	11/10/2015
Severity:	High	% Done:	100%
Assignee:			
Category:	Physics		
Target version:			
Version:	1.0.5	Language:	English (US)
Platform:	Windows	Mod Related:	No
Expansion:			

Description

KSP v.1.0.5, the body lift generation is not working.
Changing body lift multiplier at ALT+F12 menu makes no effect.
Before almost any part was able to generate body lift above certain speeds, now none of them generates body lift.
This picture shows the light blue lines indicating body lift generation before version 1.0.5:

GaN5ss5.jpg

On version 1.0.5, at any speed, no body lift is generated.

History

#1 - 11/16/2015 12:52 AM - sal_vager

- Status changed from New to Resolved

- % Done changed from 0 to 100

Fixed in build 1028

#2 - 07/17/2016 09:20 AM - TriggerAu

- Status changed from Resolved to Closed
