

Kerbal Space Program - Bug #9419

Advanced construction tutorial doesn't enforce correct lower stage construction

04/22/2016 09:52 PM - awang

Status:	Closed	Start date:	04/22/2016
Severity:	Low	% Done:	100%
Assignee:	NathanKell		
Category:	Gameplay		
Target version:			
Version:	1.1.0	Language:	English (US)
Platform:	OSX	Mod Related:	No
Expansion:			

Description

The tutorial asks the player to start building the lower stage by attaching a decoupler and two FL-T400 tanks. It will accept any two tanks attached to the decoupler, though.

Should this be prevented, or at this point is it just a user issue if instructions aren't followed?
