Description

It would be somewhat convenient if the KSP version number were displayed somewhere in the in-game Settings menu (the one you reach from ESC). Maybe at the top near the "difficulty level" button, or at the bottom border.

The current version can be found in a number of locations in the game, and there is also an optional watermark display for all scenes.

#6 - 11/06/2016 08:20 PM - JPLRepo

- Status changed from Ready to Test to Closed

- % Done changed from 80 to 100

Closing as this was fixed in 1.2.0

AS stated there is an optional watermark and version is available in the in-game pause menu as well just to name two.
