Category:	Camera				
Target version:					
Version:	1.1.2	Language:	English (US)		
Platform:	Windows	Mod Related:	No		
Expansion:					
Description					
If you enable mouse look inside IVA with mouse right click , the mouse look persist as you leave the IVA , to disable you have to right click the mouse again					
As you are not able to mouse look with right click in flightscene is counterintuitive to disable it in flightscene					
Please disable mouse look as you leave IVA for flightscene					
Thanks
