- Status changed from New to Not a Bug
- % Done changed from 0 to 100

Hi jensgw, based on your other reports it is likely you have a corrupted install of Kerbal Space Program, please reinstall KSP and if the issue persists use the support forum and we'll be glad to help you.

#2 - 11/11/2016 10:56 AM - sal_vager

- Status changed from Not a Bug to Confirmed
- Severity changed from High to Normal
- % Done changed from 100 to 10

On further examination with the help of jensgw and others it has been found that the 6-DOF buttons in the settings screen are currently non responsive.

The bindings are editable via the settings.cfg

Please see here for more information.
