

Kerbal Space Program - Bug #17876

Engineer's Report complains illogically about Mk1-3 pod with monoprop emptied and RCS disabled not receiving monoprop from itself

03/07/2018 07:20 PM - Nebbie

Status:	New	Start date:	03/07/2018

Target version:			
Version:	1.4.0	Language:	English (US)
Platform:	Linux	Mod Related:	No
Expansion:	Core Game		

Description

KER is the only mod used here and does not affect Engineer's Reports.

Normally, having a monoprop consumer means you want RCS, thus the report flags it, but of course with the Mk1-3 pod, you may want it for reasons other than RCS usage. The simple solution would be to make the engineer's report not care about monoprop consumers that have RCS disabled.

History

#1 - 03/07/2018 07:22 PM - Nebbie

- Subject changed from *Engineer's Report complains illogically about Mk1-3 pod with RCS disabled not receiving monoprop from itself* to *Engineer's Report complains illogically about Mk1-3 pod with monoprop emptied and RCS disabled not receiving monoprop from itself*

#2 - 12/24/2018 09:42 PM - Nebbie

- Expansion Core Game added

Still present in 1.6
