

Kerbal Space Program - Bug #17908

Missing #autoLOC string when adding parts to categories in VAB or SPH

03/08/2018 05:43 PM - egoego

Status:	Closed	Start date:	03/08/2018
Severity:	Low	% Done:	100%
Assignee:			
Category:	Controls and UI		
Target version:			
Version:	1.4.0	Language:	English (US)
Platform:	Windows	Mod Related:	No
Expansion:	Core Game		

Description

Steps to reproduce:

1. Start (new) game
2. go to VAB or SPH
3. click the + in the top left corner of any part in the part menu
-> A new window with the title "Add part to category: [...]" opens
-> Window body shows: #autoLOC_80030 and a icon
4. hover the mouse over the icon in the window
-> tooltip comes up with text: #autoLOC_8003021

Windows 10
KSP 64bit
