Kerbal Space Program - Feedback #19114

Change request - Rename the Onion to the Pea and vice versa

05/31/2018 02:47 PM - cy4n

Status:	New			
Severity:	Low

Category:	Parts			
Target version:				
Version:	1.4.3	**Language:**	English (US)	
Platform:	OSX	**Mod Related:**	No	
Expansion:	Making History			

Description

The KV-1 (Onion) capsule is named after a larger object than the KV-2 (Pea) capsule. As the KV-3 (Pomegranate) is named after the largest of the three objects, it seems natural to have the names progress from smaller to larger with the number of Kerbals the capsule can carry.
