Multiple Wheel Issues part 3

06/16/2018 12:07 PM - Azimech

Status:	New		
Severity:	Low		
Assignee:			
Category:	Physics		
Target version:			
Version:	1.5.1		
Platform:	Linux, OSX, PS4, Windows, XboxOne	Language:	English (US)
Expansion:	Core Game, Making History	Mod Related:	No
Description			
Request: a way of joining the suspension of one rover wheel with one on the other side.			
In other words: sway bars. Vehicles badly need them.			

History

I absolutely agree. Even making them somehow automatic between all wheels in sort of an "advanced ride control" like many modern high-end cars have.

This feature might only be put on the higher end wheels, leaving them off of the lower end ones.
