

## Kerbal Space Program - Bug #19484

Probododyne RoveMate description reads "Thought", when it's likely "Though" was intended.

### Description

In the description text for the Probododyne RoveMate, there is the following sentence: "\_Thought\_ intended as the body for surface rovers, we've been told by our most day-dreaming of engineers that the possibilities are endless!" It seems like that "thought" should be "though".
