Description

Put simply, reducing the Mastodon to 8000 funds was nuts, it's now cheaper in combination with an orange tank (13750 funds) than the Twin Boar (17000 funds), while being more efficient!

In addition, the Mainsail's mass at 6t is just crazy (it's smaller than the 5t Mastodon and I'm pretty sure it's less than twice the volume of the 3t Skipper).

I propose the following:

1. Increase Mastodon price to 12000 funds (meaning 17750 funds with orange tank vs 17000 funds for a Twin Boar)
2. Reduce Mainsail mass to 4.5t
