

Kerbal Space Program - Bug #20776

Class DoubleCurve is not annotated Serializable

12/31/2018 11:20 AM - Mike

Status:	New	Start date:	12/31/2018
Severity:	Low	% Done:	0%
Assignee:			
Category:	Application		
Target version:			
Version:	1.3.1	Language:	English (US)
Platform:	Windows	Mod Related:	No
Expansion:	Core Game		

Description

This breaks configuring DoubleCurves in the config because they are not picked up for custom ones. Even built in ones like ModuleDataTransmitter::rangeCurve cannot really be altered, because while the part preFab picks up the curve from the config, every part instance created by copying of the prefab does not pick it up.
