Description

If you launch a new career in hard difficulty, after some missions you'll unlock and buy the FL-T100 and later the FL-T200. At this point you can already see that the parts are not correctly unlocked (see screenshots) and when you relaunch the game, the FL-T200 and FL-T400 are not available anymore. You can rebuy the parts buy it won't unlock them.
