<b>Platform:</b>	PS4	<b>Mod Related:</b>	No
<b>Expansion:</b>	Core Game		

#### Description

Version 1.03 was downloaded and the DLC History and Parts pack was also downloaded.

I'm getting FPS issues when in the VAB and SPH after the patch and DLC download. Mostly when the camera is facing the door looking outside the building. Looking anywhere else but the doorway is normal and doesn't exhibit low FPS. This is occurring even with no spacecrafts being built at the time.
