

Kerbal Space Program - Bug #22683

Piston extension limit breaking when reverting back to editor.

Category:	Parts		
Target version:	1.7.2		
Version:	1.7.1	Language:	English (US)
Platform:	Windows	Mod Related:	No
Expansion:	Breaking Ground		

Description

Steps to reproduce:

1. Take every piston.
2. Limit the extension.
3. Launch craft.
4. Revert back to editor.

After these steps extension limit just sticks to whatever value you set it to and completely breaks the part. It can even be done several times. The only way to fix that is to take a new part, craft reloading doesn't work.
