Version:	1.7.2	Language:	English (US)
Platform:	Linux	Mod Related:	No
Expansion:	Breaking Ground		

Description

There's a science message for the Duna Blueberries:

"How these formed is still a mystery to scientists back on Kerbin. Do they have any relationship to the pancake domes on Eve, or is that just a galatic and gastronomical mystery we have yet to solve. Who knows where we may find an elusive 'syrup' sample."

"galatic" should actually be spelled "galactic"

History

#1 - 07/11/2019 09:16 PM - chris.fulton

- Status changed from New to Ready to Test

- Target version set to 1.7.3

- % Done changed from 0 to 80

Several Changes and bug fixes have been made, moving this bug to RTT and can you check it in 1.7.3.2594?

#2 - 07/12/2019 08:01 PM - GeneCash

- Status changed from Ready to Test to Resolved

- % Done changed from 80 to 100

I checked in the recent 1.7.3 release and it's fixed. That was quick. Thank you!
