

Kerbal Space Program - Bug #23278

VAB Camera Lock

07/30/2019 12:45 PM - StatelyElms

Status: Duplicate	Start date: 07/30/2019
Severity: Low	% Done: 100%
Assignee:	
Category: Controls and UI	
Target version:	
Version: Xbox One - Enhanced Edition 2019-07-25 Patch 7	Language: English (US)
Platform: XBoxOne	Mod Related: No
Expansion: Core Game, Making History	
Description Seemingly random camera control lock inside VAB. Camera controls continue to work normally outside of VAB. All other controls seem to continue to work as intended. Leaving and re-entering VAB seems to fix the problem.
