Expansion:	Breaking Ground, Core Game, Making History		

Description

Dear Sir or Madam,

my game was paused for over an hour in career mode and did crash somehow.

The game was minimized in the taskbar the whole time. I did pause on the space facility overview screen.

The game is modded so I'm not sure if one of the mods did result in the crash!

I did append the generated files to the ticket.

Best regards

Simon Aberle
