

Kerbal Space Program - Feedback #24163

Ocean textures look like a tartan from high altitudes

10/24/2019 03:49 PM - AstroBalrog

Description

I *really* like the new textures on the Mun and Minmus, but when returning to Kerbin, the ocean can look like a repeating patchwork tartan. Can you give water some love too?

I also noticed that mountains in the distance on the Mun appear a bit jagged.
