### Description

1.7.3 MH + BG (no mods)

1.8.0 MH + BG (no mods)

1.8.0 has graphical issues with the KSC.

Screen shots show 1.7.3 and then 1.8.0

Note the following issues:

**1.**

1.7.3 screenshot1.png vs 1.8.0 screenshot1.png

The lines for the pedestrian crossing are not correct in 1.8.0 for the fully upgraded RnD building also there are the bricks that are now missing and there is a weird nothingness in place of where they should be.

**2.**

1.7.3 screenshot2.png vs 1.8.0 screenshot2.png

There is graphics bordering the grass area that is missing in 1.8.0

**3.**

1.7.3 screenshot3.png vs 1.8.0 screenshot3.png

in 1.7.3 there is a line that looks to connect to the VAB, in 1.8.0 there is a darker shade that spans the side of the RnD building.

1.7.3 screenshot4.png vs 1.8.0 screenshot4.png to show it as an over head shot

The odd normals around the R&D floor are known about. The change in the grass patches may simply be a style change. I'm not seeing any errors myself with zebra crossings being replaced by paving stones, but this does warrant further investigation.

Zebra crossing is back and the missing paving stones are back too, the other two issues are still there
