Kerbal Space Program - Feedback #24483

Please make Mk1 Inline Cockpit with two variants

12/06/2019 08:23 PM - Xyphos

Status:	New		
Severity:	Low		
Assignee:			
Category:	Parts		
Target version:			
Version:		**Language:**	English (US)
Platform:	Linux, OSX, PS4, Windows, XBoxOne	**Mod Related:**	No
Expansion:	Core Game		

Description

The Mk2 Lander Can received two variations, Lander and Rover.
I purpose that the Mk1 Inline Cockpit receive two variations also: keep the current design, plus an additional "open" design for open-cockpits as seen on bi-planes.
