

Kerbal Space Program - Bug #25148

KSP crashes on startup

04/09/2020 05:30 PM - GuessingEveryday

Status:	Updated	Start date:	04/09/2020
Severity:	Low	% Done:	10%
Assignee:			
Category:	Steam		
Target version:			
Version:	1.9.1	Language:	English (US)
Platform:	Windows	Mod Related:	No
Expansion:	Core Game, Making History		
Description			
<p>1.9.x crashes on startup either from the desktop shortcut, or Steam. Shows "Kerbal Space Program - Unity 2019.2.2f1_ab112815d860" and "Squad/Sounds/editorLoop1". I have already uninstalled MechJeb2, and Module Manager. But the problem seems to be with Unity. But I was able to find the logs, and they are here:https://docs.google.com/document/d/1S4NQRSzj-H2l2odLyNP_kZ7rdqB4AiFulvbZdOYFWbl/edit?usp=sharing</p> <p>Don't know yet if it's just me.</p> <p>PC specs are: OS: Windows 10 64-bit CPU: Intel(R) Pentium(R) CPU G4400 @ 3.30GHz (2CPUs), ~3.3GHz RAM: 8GB GPU: Intel Graphics 510</p>
