Description	
<p>we need propellers have sound when using them at bodies with atmosphere. This would need be maybe dynamic sound which changes with airpressure, but at first just basic sound would be appreciated for immersion.</p> <p>imagine these on kerbal: https://www.youtube.com/watch?v=Jhsn7OlvqYo https://www.youtube.com/watch?v=5Zm6v1iHivg https://www.youtube.com/watch?v=qipGDZ2ffj0 https://www.youtube.com/watch?v=e8BAckZBQZc</p>
