

Kerbal Space Program - Bug #27117

ftx-2 external fuel duct doesn't work when transferring fuel, if done only one direction

01/22/2021 10:27 AM - jukkamuhonen@hotmail.com

Status:	New	Start date:	01/22/2021
Severity:	Low	% Done:	0%
Assignee:			
Category:	Fuelflow		
Target version:			
Version:	1.11.0	Language:	English (US)
Platform:	Windows	Mod Related:	No
Expansion:	Breaking Ground, Core Game, Making History		
Description			
It would be assumed that if you connect fuel line from 0 to 1, you could transfer fuel from 0 to 1 but not opposite. Now it doesn't allow transfer of fuel at any direction.
