

Kerbal Space Program - Bug #27177

Hinges cannot be manipulated on eva construct.

01/29/2021 09:52 PM - jukkamuhonen@hotmail.com

Status:	New	Start date:	01/29/2021
Severity:	Low	% Done:	0%
Assignee:			
Category:	EVA		
Target version:			
Version:	1.11.1	Language:	English (US)
Platform:	Windows	Mod Related:	No
Expansion:	Breaking Ground		

Description

When trying, they turns red when mouse is grabbing them, now only way to get rid of this situation is to end constructing. Next time you touch that hinge whole ship explodes, because it lets player mouse freely move it while it is attached to vessel.
