KSP 1.4.3 + MH

KSP 1.11.2 + BG + MH

KSP 1.12.0 + BG + MH

Found the following with 1.4.3 and 1.11.2:

Map Mode has PE/AP

Tracking Station does not

1.12.0 doesn't have PE/AP for Map Mode or Tracking Station.

I am not sure what was intended originally but yeah there is a difference.

Confirmed

@Anth12 you need to select a ship to show Ap/Pe in the tracking station. But there's more!

1.11.2 : ok

1.12.0 : the... the ship disappears!?!?!?

You have to upgrade your Tracking Station and Mission Control each to level 2 before you get them.
