

Kerbal Space Program - Bug #28086

Transfer Window Timing chart is all over the place

06/28/2021 02:44 AM - jclovis3

Status:	New	Start date:	06/28/2021
Severity:	Low	% Done:	0%
Assignee:			
Category:	Controls and UI		
Target version:			
Version:	1.12.0	Language:	English (US)
Platform:	Windows	Mod Related:	No
Expansion:	Core Game		

Description

Watch: <https://youtu.be/2jsjQWr-Yc>

When you open up the transfer window pullout tab, and observe while you time warp only through several hours, the transfer windows can jump around (watch Minmus) by days forward or backward. Then when you can finally get the create button to light up, the created maneuver isn't even in the listed transfer window.
