

Kerbal Space Program - Bug #28354

Root part can't be moved by engineer

07/24/2021 05:39 PM - jackmcslay

Status:	New	Start date:	07/24/2021
Severity:	Low	% Done:	0%
Assignee:			
Category:	Physics		
Target version:			
Version:	1.12.0	Language:	English (US)
Platform:	Windows	Mod Related:	No
Expansion:	Core Game		

Description

If you have a craft and take out all the parts you can with an engineer, the root part is highlighted as it should but it cannot be placed, clicking on it in part placement mode does nothing, if you try to rotate or move it it clips through the floor and explodes.

There is an example save in the attachment. Needs to open the debug menu and lower the gravity to be able to move the parts with the engineer.
