#### Description

Contract VIP Marsha Kerman not available as a tourist. I believe I completed her contract, but I'm not 100% sure. She does not show up in the astronaut complex or available tourists when crewing a vessel.

Marsha shows up in two contracts in the savefile, one finished (along with three other kerbals) and one unfinished. Is it possible that two kerbals with the same name were created, and this caused the problem?

You have one open contract including Marsha Kerman, and one finished contract including Marsha Kerman, Tamxy Kerman, Didie Kerman, Vertrice Kerman, and Julda Kerman.

I don't know if the history of contracts can be deduced from the file, it is not obvious if such information is there. Apparently a Kerbal record is added to the roster even for yet unaccepted contracts so if both were on your list for at least some time, it's possible Marsha was removed with finishing the earlier contract even though the later contract already and still existed.

You might be able to fix the issue by adding the following record to your roster:

```
KERBAL
{
  name = Marsha Kerman
  gender = Female
  type = Tourist
  trait = Tourist
  brave = 0.7362933
  dumb = 0.3689659
  badS = False
  tour = False
  state = Available
  ToD = 0
  idx = -1
  CAREER_LOG
  {
    flight = 0
  }
  FLIGHT_LOG
  {
    flight = 0
  }
}
```
