Kerbal Space Program - Feature #770

Allow Clamping dock Sr to be first part of vessel

06/09/2013 04:24 AM - FERCONEX

Status:	New	**% Done:**	0%
Severity:	Very Low		
Assignee:			
Category:	Parts		
Target version:			
Platform:	Win32	**Mod Related:**	No
Expansion:			

Description
As the title states, although the other two docks can be selected as first part of vessel, the SR version cannot.

History

#1 - 06/09/2013 09:25 AM - Ted

- Subject changed from Clamping dock Sr Cannot be first part of vessel to Allow Clamping dock Sr to be first part of vessel

- Target version deleted (0.20.2)

This is most likely due to the Sr. Docking Port not being SrfAttach enabled. I've changed the title to reflect the nature of the issue.

#2 - 07/27/2015 06:04 PM - Squelch

- Platform Win32 added

- Platform deleted (Windows)
