

## Kerbal Space Program - Bug #9324

### Music and especially theme song sounds washed out / overly compressed

04/19/2016 10:35 PM - Sethur2

<b>Expansion:</b>			

#### Description

Version: KSP 1.1 x64, Windows, Steam Download

Steps to reproduce:

- Start KSP
- Listen to theme song and background music

Issue:

- The theme song as well as (to a lesser degree) the background music sound very washed out compared to 1.0.5. My guess is that they were accidentally too heavily compressed or that there is something wrong with they way Unity 5 plays the specific audio format.

#### History

##### #1 - 04/19/2016 10:42 PM - Sethur2

Edit: I could confirm this on Windows 32bit as well. This bug report is a duplicate of <http://bugs.kerbalspaceprogram.com/issues/7856> from the 1.1 pre-release bug tracker.

- Status changed from *New* to *Confirmed*
- % Done changed from *0* to *10*

Definitely doesn't sound as good as 1.0.5.

##### #4 - 04/21/2016 11:34 AM - sal\_vager

- Status changed from *Confirmed* to *Duplicate*
- % Done changed from *10* to *100*

Yeah, it's a duplicate, it's going to be a pain to check new issues against a second issue tracker.
